Library

Australia. C.S.I.R.O. Selected references on  
Longitudinal shrinkage. Annual Report 1961-62, pp. 21-23.  
Melbourne, The Longitudinal Shrinkage of Wood

Prepared for

The shrinkage of wood during drying. Trade circular no. 33. U.S.  
Melbourne, 1914.

Gilbert L. Comstock

eyer, Frank Kemp

Inherent causes of variation in the longitudinal shrinkage of wood.  
A thesis submitted for the degree of Master of Science, University of  
Wisconsin. 27 p., illus. 1930.

ockrell, R. A.

Explanation of longitudinal shrinkage of wood. U.S. DEPT. OF AGRICULTURE  
chain-molecule concept of cell-wall structure. NATIONAL AGRICULTURAL LIBRARY  
69(8):931-35, Nov. 1947. OCT 14 1965  
O & R-PREP.

Influence of fibril angle on longitudinal shrinkage of ponderosa pine  
wood. J. of Forestry 44(11):876-88, Nov. 1946.

Some observations on density and shrinkage of ponderosa pine wood.  
A.S.M.E. Transactions 65(7):729-39, Oct. 1943.

Brit. Forest Products Research Laboratory.

Shrinkage distortions in wood. 3 p., illus. Princes Risborough,  
Dec. 1945.

ale, J. D.

The anatomical basis of dimensional changes of wood in response to  
changes in moisture content. Forest Prod. J. 7(4):110-11, Apr. 1957.

manov, Yu. M.

Elongation and longitudinal shrinkage of timber during swelling.  
Translated from Akad. Nauk SSSR Inst. Lasa. Trudy 51:107-119, 1962.  
Australia. C.S.I.R.O. Trans. no. 6462, 11 p. Melbourne, 1961.

August 10, 1965

Ray, Kathleen E.

A critical review of the relationships between the shrinkage and  
structure of wood. Australia. C.S.I.R.O. Div. of Forest Products.  
Mem. paper no. 28. 35 p. Melbourne, 1963.
